

Autumn 1 Term 2019

Green News

Achievements

The last school year ended on a high when Diamond Wood Community Academy won the Huddersfield Examiner "Green School Award". Although many schools entered, the judges decided that our school stood out for its Eco Schools work, environmental education, Fairtrade awareness and love of the outdoors.

Eco Council...

Eco Council meet every Monday with Mrs. Tombling. The meetings are chaired by an Eco Council Representative from Year 2 and our minutes are recorded by a secretary. This term we will be focusing on five Eco Schools Topics, carrying out an environmental review and working on a Fairtrade activity.

Eco Suggestions

If your child has an "Eco Suggestion" they can complete a suggestion form, available from the Eco Council Display, and hand it to Mrs Tombling.

How can I be more green?

At Diamond Wood Community Academy we encourage all pupils to buy a reusable water bottle from the School Office, these are £1 and can be refilled whenever needed. By buying a reusable bottle you are eliminating the need for a single use plastic water bottle and are staying healthy by keeping hydrated.
