

Summer 1 Term

Reception News

Reminders

PE day for Reception children has now changed:

Monday – Class 3 & Class 4
Wednesday – Class 1 & Class 2

Children need to come to school in their PE Kits on the above days, not in their school uniform. All earrings and jewellery need to be removed.

Please note that resources are prepared in the outdoor areas ready for the next day's learning. Please do not allow your children to play with them before or after school. Thank you for your co-operation.

This term we are learning...

This term in Reception we will be learning about different 'Growth and Lifecycles'. We will be finding out about the different features of minibeasts and their habitats. During outdoor learning sessions we will be going on a minibeast hunt and seeing which minibeasts are living in our local area. We will be getting caterpillars in school, so that the children can watch how they grow and the changes that they go through.

Phonics

In phonics the children will continue to work on learning new sounds and blending. The children will be encouraged to read words and sentences with these sounds in them. The children will also be encouraged to write words and short sentences using the sounds they have learnt. When reading, we will be encouraging the children to spot the sounds that they have learnt in phonics, to help them become more fluent readers.

Literacy

In Literacy we will be focusing on the story 'The Very Hungry Caterpillar'. We will be looking at the order of the story, describing the character and re-telling the story using short sentences.

Maths

In Maths we will be looking at different ways that we can make 10 by adding 2 numbers together. We will look at 1-more and 1-less and comparing numbers. We will also look at 3D shapes, weight and pattern.
